Agenda Item	Open Discussion Items
Presenter	
Material Being Presented:	

- Discussion of website and what Scott and Andrea will be taking administration of day to day task. Tess has set up a years' worth of blogs that will post automatically. Will have further discussions with Gina about what this will look like.

Bike Lanes:

Jackson intersection bike lane issues.

Working with Public Works went to intersection.

Recommendation was to remove the bike lane to move a block and half to help relieve the accidents that have been happening at that intersection.

Camera update:

- Received final approval on the packaged version working on with KCMO PD. Order was put in the end of December. Order is in process, product has not been received by CID as of yet, once receive we will build the boxes and work with KCPD to store and install.

- Replacement Landscaping Update:

Scott: Will invite them to come for visit once early spring has arrived.

John Weilert to speak with Andy and Rewilding Project at Elmwood will continue the conversation of what plants and location.

Security Update:

Wash Time same issues have had in past, robbery, individuals refusing to leave, seem to be the location that have consistent calls. Wash Time and Gas station seem to be the most frequented with issues.

- Rebuild KC Grant: Was received, Tess has documentation for this grant.
- John Weilert-Draw up Documentation for agreement with Hope Faith for clean up in targeted areas.

New Business Projects

- Project Cannon Hall Building at GCI happening off van brunt and Truman will be done by May 2025. Will be inviting CID Members to join the opening as well as TCID posting on website.
